Q3'FY16 Results Update

Environment

- Increased global economic uncertainty driven by slowdown in emerging markets. IMF cut global growth forecast for CY2015 to 3.1% (vs 3.3% earlier)
- Lower commodity prices and volatility in exchange rates creates risks and opportunities
- Corporate spending on training in US and Europe remains robust; Companies are looking for ways to drive efficiency and effectiveness in training to improve business performance
- GOI planning structural reforms to improve business environment. However uncertainty on timing continues to impact investment sentiment
- Government continues to focus on driving skills development to drive sustainable and inclusive growth
- Start-ups disrupting traditional industries and driving demand for new-age skills. India ranks third among global start-up ecosystems with more than 4,200 new-age companies. Create 80,000 jobs in 2015 (NASSCOM)
