

NIIT University to organise 'Avenues'

OUR BUREAU

Hyderabad: NIIT University (NU) has announced commencement of Avenues - a seminar for engineering aspirants, on July 5 at Hyderabad. The main aim of the seminar is to make the students aware about the different options available in engineering and various job opportunities available post completion of the engineering course. Students who have recently appeared for Class XII board exams can attend the session.

Vijay Thadani, Vice Chairman & Managing Director, NIIT Ltd will be guiding the students on how higher education can help them apply their knowledge and technological know-how to real life problems. Such an approach would, in turn, open employment and entrepreneurship avenues for the students,

and groom leaders who are in tune with the social and economic environment around them. He will also be enlightening the students on how to overcome various challenges that one faces while performing his duties in a corporate life.

Speaking on the occasion Vijay Thadani, said, "Education is a complete process that

should nurture quest for eternal knowledge to help transform young minds to work for the betterment of the society. NU encourages the students to explore and connect with multiples career options for today's business environment. It aims to foster the spirit of holistic responsibility among individuals for life-long learning."
