

SCHOOL TECHNOLOGY

NIIT has entered into a contract with the Rajasthan Council of Elementary Education (RCEE) to introduce computer-aided learning in 1,672 government upper primary schools in 22 districts of Rajasthan within the framework of Sarva Siksha Abhiyan (SSA). The value of the contract is Rs 214 million. The five-year agreement involves setting up 1,672 fully-furnished modern computer labs with over 5016 computers, which will benefit 33,340 teachers and 8,36,130 students. NIIT had previously bagged the single largest turnkey IT education contract in the school segment in India from the state government of Andhra Pradesh.
