

NITAT on February 21

New Delhi: NIIT on Monday announced that they will conduct the 11th National Industry Targeted Aptitude Test (NITAT) on February 21. The test enables students and graduates to access their potential and aptitude for careers in multiple skills.

NITAT 2015 will be simultaneously conducted by NIIT in over 200 cities nationwide.

Students can register online by logging on to <http://www.niit.com/nitat2015> or by visiting the nearest NIIT centre.

The test has been designed as an objective test of reasoning, comprehension, data interpretation skills and behavioural traits. Every student will receive a score card that will give his/her Aptitude Ranking (concentric graphical form) on national and zonal basis. NIIT will also award 50 per cent scholarship to the meritorious students.

Shivan Bhargava, Group

President, Skills and Careers Group, NIIT Ltd, said, "National Industry Targeted Aptitude Test is beneficial for both students seeking to identify their aptitude and the industry which is on the lookout for right talent."

Students who will appear

for NITAT will receive an assessment score card and personalised career counselling from NIIT. They will also be entitled for complementary placement preparatory workshop.

NITAT was introduced in 2004 to enable graduates and

students pursuing their studies in engineering, arts, commerce and science streams to gauge their aptitude for a career in the IT sector, identify skills further required, if any, and thus systematically charter their career into the IT industry.
